

Environmental Policy

Nationwide Hygiene Supplies Ltd will take account of best environmental practices both in its administration of the distribution of hygiene products and in the management of its Chesterfield facilities.

We are committed to continually improve our environmental management performance and to prevent pollution. In order to improve, we will set ourselves environmental targets which will be endorsed and regularly reviewed at the most senior level.

We will comply with all relevant legal and other environmental requirements, through the operation of our environmental Management System.

We will systematically examine our own activities and take steps to minimize the environmental impact of our operations in the most effective way. Nationwide Hygiene Supplies Ltd will in particular aim to minimize the use of paper and energy in its offices, progressively seeking to utilise modern technology for communication and for archive storage.

Nationwide Hygiene Supplies Ltd attempt to take into account the environmental impact of the products it sells through discussions with product manufacturers and its members.

Nationwide Hygiene Supplies Ltd will seek to identify the attitude of potential suppliers towards the environment when considering their suitability for appointment and encourage environmental performance improvements in the supply chain.

Nationwide Hygiene Supplies Ltd will communicate this policy to all employees and others working for or on its behalf.
